

CITY STRIVES FOR NEW NORMAL SITE

Committee At Madison To Present Claims Before Board Of Regents

Secretary E. O. Barstow, of the Rhineland Advancement association, W. E. Brown and Judge Charles F. Smith comprised the committee who went to Madison Wednesday to present this city's claims for the new normal school site at the hearing by the state board of normal regents. The hearing was scheduled for 10 o'clock this morning. The local committee was named by the Advancement association, and the city council at its regular monthly meeting Tuesday night, voted to defray all necessary expenses of the trip. The council also voted to donate a site for the school.

The legislature of 1913 authorized the normal regents to make a study to determine the most appropriate location for a new normal school in northeastern Wisconsin. Many cities in this territory are making claims for the institution and the Rhinelander delegation will submit at the hearing a large number of substantial reasons why this city is the most logical location. The regents will make known their decision to the legislature, but whether or not an appropriation for a new normal will be made at this session is a matter for conjecture.

In brief the following are the reasons which the New North place before the people two years ago why Rhinelanders is the most logical location for a new state normal school. Figures which were quoted at this time are omitted for lack of space. Nine counties in this part of the state have no institution for high education.

ROAD MEN MEET

With nearly all of the seventy-two county road commissioners in attendance, the fourth annual road school of the Wisconsin Highway Commission opened at Madison Tuesday. Several county board members were also present to learn the solution road troubles under the guidance of the commission's experts. Technical discussion of engineering problems occupied the attention of the first day's session.

It was held on Tuesday night the annual dinner and on Wednesday night the annual dinner. The error Philipp addressed the road machine. There was a large road machine. This display in connection with the school. Those present from Onelda county were F. E. Parker, highway commissioner, James Baker, Henry Wubbe, and Ira Smith, members of the county board.

SUB HATCHERY

The state fish department will erect a sub-hatching station below the Otter Rapids dam this spring for the hatching of fry for distribution in the chain of lakes in Vilas county, the states the Vilas County News states. The station will cost about \$10,000 and will be erected just below power house if a suitable site can be secured.

FEB. WEATHER

Supt. of Fisheries Jas. Nevins, of Minnes the News, is very enthusiastic over the establishing of a station on the river at this point. The hauling jars and paraphernalia will be transferred from the Sturgeon wharf to the new station. The hatchery plant for the spring hatching.

According to Mr. Nevins, for the past ten years there has been enough applications sent in from Vilas county, on the east side, to take the entire output of pike from the Spooner sub-station and so materially relieve conditions at the Minocqua station.

THIRD STORY VANISHES

The entire third story and a portion of the second story of the hotel Fuller on Sterens street will be removed and within a few weeks the building will be down to the foundation. Ira Cox, who has charge of the razing of the hotel, is making good headway with the work although he says tearing down the building for the salvage is no job.

VETERAN EDITOR DEAD
C. C. Starks, for the last thirty-five years publisher of the B. Dally Journal, is dead at the age of sixty-five years. Mr. Starks purchased the Journal forty years ago and it was a weekly, two months and five years later made it a paper. Lately he took his son, daughter, who with his wife succeeded him, into partnership and they continue the paper.

Old Mrs. Wendell Smith, who was operated on at St. Mary's hospital last week, is doing nicely and her friends look for her complete recovery.

Interest in educational affairs very strong. This territory supports eight County Teachers' Training Schools, one County Agricultural School and five County Agricultural Fieldmen.

These institutions cannot possibly supply enough teachers to fill the needs. In addition means for training are needed in advance of the institutions.

This territory is developing very rapidly because it is rich in natural resources.

There is a manifest desire for higher education in this region. (Meida County Training School has made a wonderful record in its three years of existence. Its attendance has increased from 25 to 72 or 188 per cent.

21 A Normal School should be organized at Rhineclander.

Geographically, Rhinelander is center of a part of the state which has no Normal School within reasonable distance (See map—197 miles from Superior; 150 miles from Okauch.)

Rhineland is located at a junction of two large trunk railroads, the Northwestern running north and south through the state and the St. Paul running east and west across the state. The Soo connects with St. Paul 17 miles west of Rhineland; with the old Wisconsin Central 48 miles west of Rhineland, with another branch of the Northwestern 14 miles east. There are several branch lines connecting with the main line pointing to Rhineland as a center. The time tables are so arranged that this city is readily reached from all points in this territory.

(continued on last page)

Miss Tena McCullin departed day for Rhinelander to resume duties teaching. Miss McCullin spent two weeks at home and successfully underwent an operation.—Wash. Record-Herald.

BIG ATTRACTION AT HIGH SCHOOL AUDITORIUM FEB. 8

THE KUEHN CONCERT COMPANY.

There are only three concert companies appearing on the Independent Chautauque programs of this country who were graded 100 per cent by all the committees who heard them last year. One of the three is the Kuehn Concert Company.

Mr. Bruno Kuehn, after graduating from the Leipzig Conservatory, became a Concert Master of the Philharmonic Orchestra of Hamburg, and with this Orchestra he toured Russia, Finland and Germany. In Russia he received a decoration from a brother of the Czar. Later he became Concert Master of the Royal Theater in Dresden and still later a Concert Master of the Royal Concert Orchestra in Castle, the summer residence of the Kaiser. While in this position he played for the King of Saxony and the Kaiser of Germany. 1893 he came to Chicago to become one of the first violin players of the Theodore Thomas Orchestra. A few years later he made a trip to Germany on account of his falling sight, and while there became acquainted in Leipzig with Mrs. Kuehn, who was even then a musician of great prominence in Europe. Mr. and Mrs. Kuehn are assisted in their concert work by Mrs. Mudge of Chicago, one of the finest dramatic sopranos on the stage, and Mr. Brainer, a cellist of more than local renown.

ENTERPRISE

Grat Schoeneck and Chas. Ballard were business callers in Rhinelander Thursday.

Mr. and Mrs. M. Marquardt returned from Hosholt Friday.

Mr. Fogle of Parrish Jct. was here on business Thursday.

Miss May Murray is a guest at the home of her uncle, M. V. Murray.

Mrs. F. Buelow returned to Clintonville Tuesday after spending several weeks here.

Mr. Luther and Mr. Juday of Rhinelander conducted meetings in the school house Sunday afternoon and evening. A large crowd attended each of the meetings.

COLDS AND CROUP IN CHILDREN

Many people rely upon Chamberlain's Cough Remedy implicitly in cases of colds and croup, and it never disappoints them. Mrs. E. H. Thomas, Logansport, Ind., writes: "I have found Chamberlain's Cough Remedy to be the best medicine for colds and croup I have ever used, and never days ago to Mrs. Belle Silvers of Erie of recommending it to my neighbors and friends. I have always

given it to my children when suffering from croup, and it has never failed to give them prompt relief." For sale by All Dealers.

NEW U. O. F. OFFICERS

The annual election of officers for the U. O. F. was held on January 29, 1915, which resulted as follows:

C. R. Martin Johnson.
V. R., Kate Schwalger.
P. R., Patrick Cain.
Sec., Jessie Albrant.
Treas., Della Rice.
C. A., Jessie Rhodes.
Chap., Lizzie Marble.
I. W., Matt Schwalger.
O. W., Theodore Hansen.
Fin. Com., Jessie Rhodes and Martin Johnson.

Initiation of candidates Feb. 12, 1915. All members requested to be present.

VILAS CLERK MARRIES

W. A. Bradford, county clerk of Vilas county, was married a few days ago to Mrs. Belle Silvers of Eagle River. Mr. Bradford's Rhinelander friends congratulate him.

EVENTS OF WEEK IN OTHER TOWNS

Washburn—

Having as their goal a Commercial Club with a membership of more than 100, seven teams composed of eight members each are this week scouring the city for new members for Washburn's business organization and from the information given by the captains of the different teams it is likely that the number of 100 will be reached long before the end of the present campaign which last for a period of two weeks.

Grand Rapids—

The new Elks' club house is nearly completed and will be opened on February 11, with appropriate festivities. There will be a large number of outside Elks here on that date.

Tomahawk—

With a capital stock of \$10,000 the Tomahawk Crushed Rock & Gravel Company has filed articles of incorporation at Madison. The company will take over the gravel pit of Foster Brothers near the city. Thirty Tomahawk retail clerks are attending the salesmanship course of the University extension division being held here.

Medford—

Taylor county is to have a booster campaign. Business men are visiting with the Taylor County Emigration society in a movement to advertise the county. Committees have been appointed and \$2000 will be raised to carry on the work.

Hayward—

The unconfirmed report has reached here that the towns of Edgewater, Conderay, Weirgor, Raddison, White and Draper have gotten up a petition which they will present to the legislature in the form of a bill for the creation of a new county which will be comprised of the above mentioned towns and two townships, formerly Hayward, which adjoin Raddison and Winter. This action, if true is the culmination of the discontent that has been brewing in this lower section of the county because of the fact that Hayward, the county seat is of such great distance from them.

Iron River—

Standing by the side of the South Shore track waiting for a snowplow engine to pass, Albert Hauck, an employee of T. F. Mackmiller, did not figure on the extension of the snowplow "wings," and was knocked a distance of 30 feet. The fact that he landed in a snowbank saved him from injury. He was brought to town for examination, which disclosed only a few bruises.

Grand—

At the last meeting of the Fores county board a resolution was adopted and a committee appointed consisting of J. O. Sherman, C. P. Day and F. A. Blandin to institute a work house for all prisoners of the county not awaiting trial. The building at the poor farm is to be put in shape to take care of these prisoners and hereafter all prisoners will be required to work out their sentence instead of living on the county. This work will be commenced at once, and facilities for taking care of said prisoners will be in action in the course of a week or two.

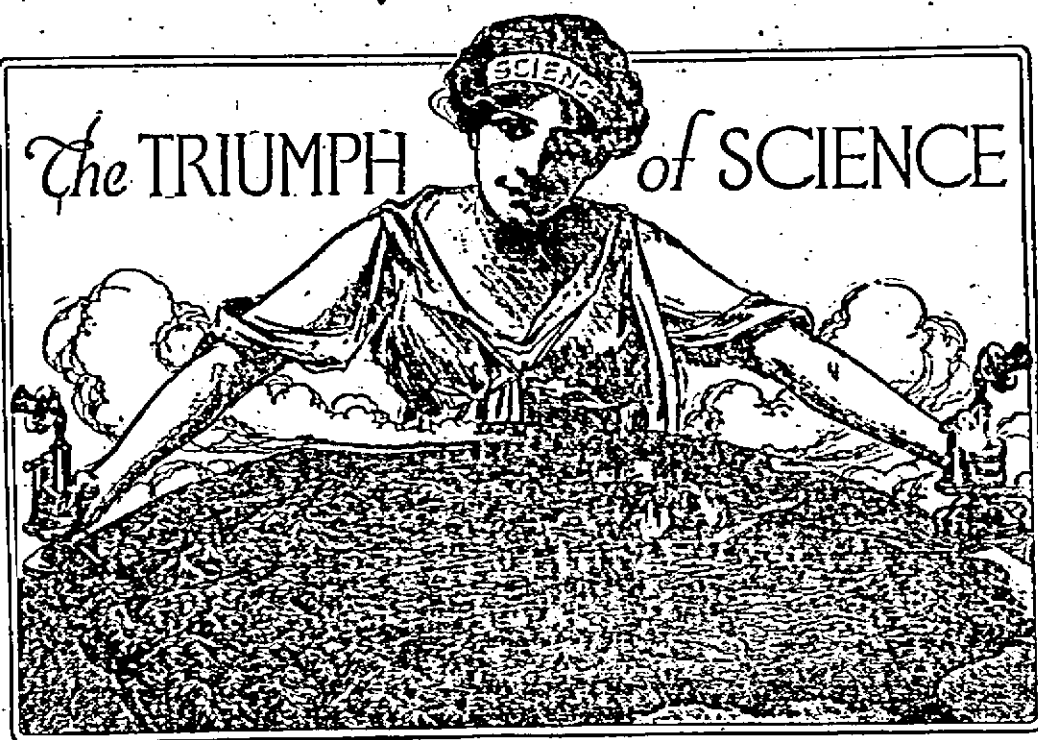

False Values in Children's Training

We are apt in schools, as elsewhere in life, to put wrong emphasis upon values. There is the perfect attendance ideal, for example. Too much worship at this shrine drives Johnnie and Mary to school with a beginning scarlet fever or other dangerous disease, to endanger the lives of the other children as well as their own.

Then there is the struggle for "high marks," too frequently won at the expense of red cheeks, robust bodies, and that invaluable asset, a perfect balance of the nervous system. While it is well for every child to be held to his best in scholarship, sight should not be lost of the fact that "his best" stops short of the ruin of his physical equipment.

To too many parents education is looked upon as an end rather than as one of the means to the end. This is particularly so in the instance of parents who have themselves felt the sting of want in scholarship, and this includes, in some measure, every parent not utterly lacking in intelligence. At best, schools only stretch

THIS busy, progressive nation is today at the dawn of a new era of commercial and social development. The means by which the human voice, with its slightest inflections and indications of personality, can be carried across the continent instantly, have been provided. Talking by telephone from New York to San Francisco is now an accomplished fact.

The celebration of this latest and greatest triumph in the art of telephony has just taken place. Within a short time the public will have, ready for its use, the product of American brains, American initiative and American scientific and technical skill, a transcontinental telephone service, the equal of which is not even approached in all the other nations of the world.

It is a splendid scientific achievement of the very highest character. The power that sends the human voice out over the telephone is scarcely greater than that of a breath, yet the means have been provided by which this tiny, almost imaginary impulse, made up of as many as 2,000 separate vibrations a second, can be picked up by a delicate instrument, conserved over a distance of 3,400 miles, and reproduced perfectly and instantly across the continent. The human voice has been made to travel as fast as light, faster than sound unaided by technical apparatus; indeed, it rivals THOUGHT even, in the swiftness of its flight.

The imagination can but feebly grasp, much less attempt to measure, the far-reaching significance of such a tremendous accomplishment. One hundred million people will have for their daily use a system of communication that knows no East, no West, no North, no South. Dialects, provincialisms, sectional prejudices, must eventually yield to the closer union, the better understanding, the more intimate comradeship that the human voice establishes. The neighborliness of a whole nation is advanced by the brushing away of the physical restraints of centuries.

This contribution to the future happiness and prosperity of a more closely united people has not been brought about, however, by the overcoming of a few isolated, concrete difficulties. Its success has depended upon the exercise of the highest engineering and technical skill and the solution was found only in the cumulative effect of improvements great and small, in telephone, transmitter, line, cable, switchboard, and every other piece of apparatus or plant required in the transmission of speech.

In this work the experimental and research department of the Bell System of which this Company is a part, has been engaged ever since the telephone became a commercial possibility, less than 40 years ago. With no traditions to follow and no experience to guide, this department, which is now directed by a staff of over 550 engineers and scientists, including former professors, post graduate students, scientific investigators—the graduates of 140 universities—has created an entirely new art—the art of telephony, and has given to the people of this country a telephone service that has no equal.

It has required vast expenditures of money and immense concentration of effort, but these have been justified by results of immeasurable benefit to the public. The transcontinental telephone line, 3,400 miles long, joining the Atlantic and Pacific, is part of the Bell System of 21,000,000 miles of wire connecting 9,000,000 telephone stations, located everywhere throughout the United States. Composing this system are the American Telephone and Telegraph Company and Associated Companies and connecting companies, giving universal service to 100,000,000 people.

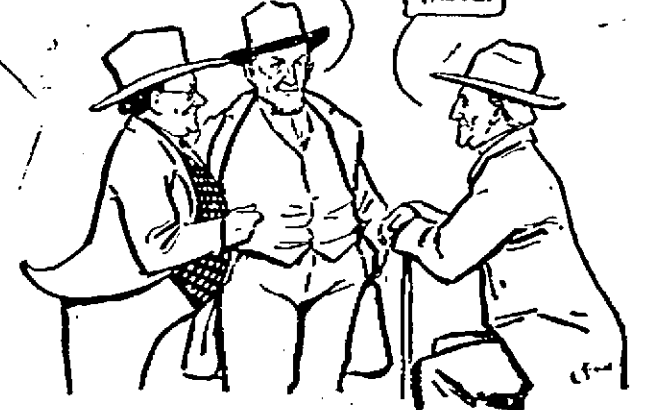

Truly, This is The Triumph of Science

Wisconsin Telephone Company

JUDGE, I TELL OUR FRIEND THAT A CHEW OF TOBACCO LOADED WITH MOLASSES AND LICORICE WONT LAST AS LONG EITHER.

THIS IS WHAT I'VE BEEN LOOKING FOR—A LITTLE CHEW THAT WILL SATISFY IT HAS A REAL TOBACCO TASTE.

THE RETIRED FARMER LOOKED MANY YEARS FOR THE REAL TOBACCO CHEW.

A MAN is so tickled when he gets the small chew of real tobacco that he wants all his friends to use "Right-Cut" too. That's why you hear men telling their friends that "Right-Cut" is the Real Tobacco Chew.

A little chew of pure, rich, mellow tobacco—cut fine, short shred—seasoned and sweetened just enough, cuts out so much of the grinding and spitting.

Take a very small chew—less than one-quarter the old size. It will be more satisfying than a mouthful of ordinary tobacco. Just nibble on it until you find the strength chew that suits you. Tuck it away. Then let it rest. See how easily and evenly the real tobacco taste comes, how it satisfies without grinding, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is the Real Tobacco Chew. That's why it costs less in the end.

It is a ready chew, cut fine and short shred so that you won't have to grind on it with your teeth. Grinding on ordinary candied tobacco makes you spit too much.

The taste of pure, rich tobacco does not need to be covered up with molasses and licorice. Notice how the ash brings out the rich tobacco taste in "Right-Cut."

One small chew takes the place of two big chews of the old kind.

WHEN THE TIRED MOTHER GIVES OUT

What Then?—The Family Suffers, the Poor Mothers Suffer—Mrs. Becker Meets This Distressing Situation.

Collinsville, Ill.—"I suffered from a nervous breakdown and terrible headaches, and was tired all over, totally worn out and too discouraged to enjoy life, but as I had four in family and sometimes eight or nine boarders, I kept on working despite my suffering.

"I saw Vinol advertised and decided to try it, and within two weeks I noticed a decided improvement in my condition and now I am a well woman."

There are hundreds of nervous, run-down, overworked women in this vicinity who are hardly able to drag around and who we are sure would be wonderfully benefited by Vinol as Mrs. Becker was. The reason Vinol is so successful in building up health and strength in such cases is because it combines the medicinal tissue building and curative elements of cod's livers together with the blood making, strengthening properties of tonic iron. We ask every weak, nervous, run-down man or woman in this vicinity to try a bottle of Vinol on our guarantee to return their money if it fails to benefit.

J. J. Reardon, Druggist.

When the value of developing physical strength is apprehended, there is likewise danger of the institution of false standards. Physical culture faddists are prone to worship false gods, for their own mental training is likely to have been lacking and left them without a fair sense of proportion.

Just as a mind culturist is most fascinated in developing the mind of a naturally bright pupil, so is the physical culturist most interested in making a physical freak out of the boy or girl with a well born physique. The result is too often an overdeveloped heart and a preternaturally large pair of lungs, far too large for the demands of ordinary pursuits.

When the owner of such lungs and heart enters upon a sedentary office career, as he is quite likely to do, disaster is constantly invited. For be it known, Nature abhors and attempts to annihilate over-developed tissues not fully exercised. Thus it is that we read with surprise of the death from pneumonia, tuberculosis and heart disease of famous athletes in what should be their very prime.

After all, balance is the price and reward for successful education.

TO WED MILWAUKEE GIRL

Miss Laura Messer of Milwaukee and Elmer H. Schellenger, son of Mr. and Mrs. H. E. Schellenger of this city, will be joined in marriage in Milwaukee Saturday morning. H. E. Schellenger will be in attendance at the wedding. The bride-to-be is said to be the daughter of a retired capitalist. The young couple will spend their honeymoon in this city.

Modern Business Proposition. Lady (returning her husband's portrait after five years)—"Would you mind exchanging this portrait for a landscape? I am going to divorce my husband."—Munich Fliegende Blätter.

New Press Committee: Mrs. Goznel, Mrs. Howe, Mrs. E. K. Risk, Mrs. Emma Wilde, Mrs. C. P. Crosby.
Beer Drinking A Menace (Mr. Daniel A. Poling)
Science has demonstrated, first in the laboratories of Germany and later in the university and private laboratories of our own country, that one dram of alcohol, the equivalent of one drink of whiskey, may so effect the eye that the power to distinguish red, being first destroyed. One drink of whisky taken by an engineer before going out on his run may plunge a train into an open switch! And engineers have testified truthfully that they saw no red light when it was conclusively proven that the signal was set against them.

A Modern Fallacy
There is abroad in the land a modern fallacy that beer drinking and the drinking of milder liquor generally, should be less seriously regarded than the consumption of the distilled and more violent intoxicants. Fallacy, I say, for the fact that the immediate effects of the higher drinks are less radical on body and mind invites larger consumption—"guzzling." The continuous debauch takes the place of the perfoliac spree and all the while an appetite is being strengthened that eventually the most violent beverages will no satisfy. I am persuaded that beer drinking in the United States is

even a greater menace than whisky drinking. In the final reckoning there will be no distinction made. Emerson said, "Anything that is against nature will be destroyed." Alcohol as a beverage, alcohol as an internal medicine, is against nature and will be destroyed.

"Children who had never seen their fathers sober and always feared them, now beheld them with astonishment and asked their mothers, 'Will papa always be so?'"—From "How Russia Has Gone Dry," in January Review of Reviews.
"Nearly four months have now passed since the drinking of intoxicants in Russia ceased, and the results of the reform are so extraordinary as to surpass the expectations even of the most sanguine prohibitionists and temperance workers."—From "Prohibition in Russia," by George Kennan in The Outlook of December 16, 1914.

"Emperors, business men, social reformers are all agreed upon one thing: Alcoholic drinks work positive harm. A single glass of beer lowers a man's efficiency seven per cent. Imagine, then, what strong wine, gin or whisky will do. The up-to-date employer will not keep men who drink even in 'moderation'; the secretary of the navy will not allow them on the warships; every commander in the field today in Europe is leading a sober army. Everywhere the brains of the world recognize that alcoholic liquors weaken both muscle and mind power."—From the Technical World.

"Alcohol is clearly opposed to the public health, for it hurts any animal organism into which it is taken," says Dr. J. N. Hurty, M. D. In an article on "Alcohol and the Public Health" in the current number of Good Health.

"THE BEST LAXATIVE I KNOW OF"
"I have sold Chamberlain's Tablets for several years. People who have used them will take nothing else. I can recommend them to my customers as the best laxative and cure for constipation that I know of," writes Frank Strouse, Fruitland, Iowa. For sale by All Dealers.

NEW REGULATIONS ON PARCEL POST

The Rhinelander postoffice has been advised by the department headquarters that the postal law and regulations covering the mailing of parcel post matter have been amended as follows:

Two or more pieces or packages of parcel post matter, tied or otherwise fastened together, shall not be accepted for mailing as one parcel. When it is desired to send two or more pieces together they shall be placed in one container or wrapper so as to constitute a single parcel. It is, however, permissible to attach communications to parcels of fourth class matter on which the postage has been fully prepaid. The communication should be placed in an envelope and after the full amount of postage at the first class rate is affixed to the envelope, it may be tied to, or otherwise securely attached to the outside of the parcel. The envelope should be addressed to correspond with the address on the parcel.

The postmaster has also been advised that the notice limiting the issue of money orders payable in European countries to \$100 in favor of one person, is rescinded. International money order business is resumed under the general rules and the regulations as formerly. This applies to the following countries: Denmark, France, Germany, Great Britain, and Ireland, Greece, Hungary, Italy, Luxembourg, Netherlands, Norway, Russia, Sweden, and Switzerland.

THE NEW NORTH PRINTING CO.
FEBRUARY 4, 1915.
Entered at the Postoffice at Rhinelander, Wis. as Second Class Mail Matter.

Go to church Sunday.

Buy home made goods whenever you can.

Who will suggest a suitable name for the new hotel?

"Advertise It Now" then perhaps the people will "Buy It Now".

Is there anybody here who is no boasting for Rhinelander?

"Build Now" is also a very good slogan.

With five feet of snow in the southern part of the state it is a pleasure to be residing in northern Wisconsin this winter.

Whether or not Mr. Ground Hog sees his shadow it is always safe to bet on six weeks more winter after February 2.

The ground hog is supposed to have seen his shadow Tuesday so will the coal bin for another tussle with King Winter.

The Rusk County Journal, one of the two live newspapers at Ladysmith, has changed from a weekly to a semi-weekly. Here's success to you Brother Maloney.

Advertising is the life of trade, and the local newspapers are the ones in which to place your announcements. You must tell the people what you have for sale and invite them to your place of business.

The number of coasting accident reported from various parts of the state should be a warning to Rhinelander boys and girls to use care while indulging in this popular pastime.

John P. Bergstrom of this city has been granted a patent on a device for making tough meat tender. The iron jawed boarder, who has been trying to masticate sole leather in the guise of beef steak for the past fifteen years, will no doubt yield to his land lady to adopt Mr. Bergstrom's invention.

Already we see the evil effects of the attack of malicious politicians against the University of Wisconsin. Prof. Munro, of the history department has resigned to accept a like position in another university at double the salary. He says he will not stay in an institution so unjustly criticised. Do not try to destroy the great institution that has done so much for the people of our state.

J. Q. EMERY AN APPRECIATION
J. Q. Emery, the tireless, fearless guardian of the people's health, the strength and support of the honest farmer and merchant, and the increasing foe of all food adulterators is to leave the department which he has so long honored. Due to the exertions of politics, the people of the state of Wisconsin must suffer the loss of the services of the ablest Dairy and Food Commissioner they ever had. Not a word is said or can be said against his administration, no criticism is made that his ardor is declining but more that some other man has a better skill with the present governor. With out reflecting in any way upon Senator Weigle, the appointee, we may truthfully say that a record has been set by Mr. Emery in the Dairy and Food Commission of this state that is not equaled by any other state in the union and there has been a standard set that will be hard for Mr. Weigle to equal and impossible to exceed.

To Commissioner Emery, on behalf of every citizen of the state we extend our heartfelt thanks and appreciation of his efforts for the public good, assure him of the lasting and permanent place he has in our hearts, sincerely trust that he may again, very soon be called to the state's service and in the interim, whatever position he may fill wherever his feet may wander, we hope and trust that his lot may be as pleasant as the one he has just left. We hope and trust that his lot may be as pleasant as the one he has just left. We hope and trust that his lot may be as pleasant as the one he has just left.

Miss Anna Skubal and Fred Hill of this city were united in marriage Wednesday by Justice R. J. Morter.

Mrs. E. A. Carncross returned Saturday to Island, Minn., after an extended visit at the Morter home.

Mr. and Mrs. Chas. Schwartz of Hazelhurst are in the city today. Mr. Schwartz is proprietor of one of the popular summer resorts in the Hazelhurst lake district.

PHILIPP'S APPOINTMENTS
The expected has happened, but no human being could have predicted that such rapid progress would be made by the "Honorable Emmanuel Philipp in his reactive policy. Although he has served about twenty days he has succeeded in selecting two of the railroad commissioners of three.

Less than two weeks have passed since he appointed a man of his liking, Mr. Jackson of Oshkosh, on this board. His second selection comes to take the place of David Harlowe, whose term expires February 1. Walter Alexander of Milwaukee, master mechanic of the St. Paul road. No man who does his own thinking is surprised what Mr. Philipp has done this, but we can hardly realize the boldness of his conduct. He always was bold in his brazen efforts in behalf of the special interests and he will make no exception as governor. He has now appointed Ex-Governor Jas. Davidson as President of State Board of Control in place of Ralph Smith of Merrill, whose term now expires. While the Senate wishes the reappointment of Smith because of his efficiency, Governor Philipp turns a deaf ear and says the governor needs this thirty-six hundred dollar job and consequently must have it. As in all his past career the Governor cares more to return out his own plans than to return an efficient office holder, to take care of the unfortunates in this state it is predicted in Madison that it will take less than thirty days to expose the Philipp hand in his high position as Governor. However it is no surprise to us.

AMERICAN WOMEN
Some New York woman, Mrs. Wagstaff by name, complains that "women are slaves, an unhappy victim of the tyranny of modern man."

It might be a good thing for some of these New York women to get out of society for a short time and take a trip out through their own country, the real United States. Here they would find that the great majority of American women are satisfied with their present position. That they are devoted to their homes and families, and satisfied and contented in doing the work their hands find to do. The same argument might be applied to men; that they are the slaves of their women. In either case the description is not correct. Where true love and affection abide in the home, the work done by both man and woman is not considered slavery, hard as it may be, but is enjoyed by each, because thereby their loved ones are benefited. The true wife never begrudges the labors for her husband and children nor does the true husband dislike his labors for the wife and babies. The loyal, consecrated wife and mother is the backbone of this nation, and such a one wastes no time in bemoaning her condition.

ADDITIONAL LOCALS
You'll do much better by trading at the Jacobson Dry Goods Co. Herbert Forbes is home from a business trip to Chicago. Sheriff Crofoot was in Woodruff and Minocqua today. Mr. and Mrs. Howard Reed left the first of the week for Fond du Lac where they expect to remain for some time. Miss Lucy Dayton left today for Malacia, Minn., where she will teach for the remainder of the school year. There is a big surprise awaiting you in the wash goods section at the Jacobson Dry Goods Co's store. The James O'Mella, Sr., Oneida county poor commissioner, has appointed Ed Cronan in charge of the poor farm. A social for the benefit of the Hilbermans was given at the residence of Mr. and Mrs. James Doyle on Lincoln street Wednesday night. Buy your spring goods early and get the right patterns and designs. A birthday party was given last Wednesday in honor of little Angelina Anderson at the home of her parents to Mr. and Mrs. Osborne Anderson. We always do just as we advertise. Mrs. Walter Brown and son Newbre were here Tuesday for Biloxi to spend the remainder of the winter. Mrs. Brown has been in poor health for some time and her friends hope the South will aid her in regaining strength and vigor.

Uncle Eben.
"De young man dat has a good pa an' a good ma," said Uncle Eben, "don't need to go no further in braggin' bout his ancestry."

CITY SCHOOLS TO HONOR LINCOLN
Plans are being made for the observance of Lincoln's birthday, which occurs Feb. 12. Members of the high school will present a program on the afternoon at 2 o'clock. Visitors will be cordially welcomed. An exhibit of Lincoln pictures and books and other relics of his time is being made in the high school. We shall be glad to add to that exhibit any material which any citizen will contribute. Such articles will be taken good care of and will be returned promptly. Miss Oakey and Miss Smith have charge of the program at this time. Music will be furnished by the Boys' and Girls' Glee Clubs.

The teachers are gratified at a large number of parents who have called to ask them concerning the work of their children. With the earnest co-operation that these parents have offered, the number of failures in school should be cut down a very materially. It is a fact that few pupils need to fail—practically all of them can do their work, if they will do it as well as they can. If the parents would see to it that the children have a quiet place to study and that a part at least of each evening be devoted to school, we are sure that they would be greatly gratified at the results that would follow.

There are several cases of scarlet fever in the city, all of which are properly quarantined. Parents may rest assured that the teachers will do all in their power to prevent the exposure of school children to this disease. If people who know of cases of contagious diseases among school children will report them to the Superintendent at once he will be greatly obliged to them. Superintendent Colburn may be reached by telephone either during the noon hour or from six to seven-thirty in the evening at his home at Mr. A. C. Velton's, 10 South Pelham. His telephone number is 366.

RESOLUTION BY STATE GRANGE
Resolutions adopted by the State Grange of Wisconsin Dec. 9, 10 and 11, 1914.

Resolved that the State Grange of Wisconsin approves of and sustains the County Board of Education law and recommends that the powers of the board be extended, giving them authority to consolidate schools and locate school house sites without reference to state aid for schools.

Moved and seconded we adopt the resolution. Motion carried.

Moved and seconded we recommend that additional powers be given the County Board of Education to appoint the County Superintendents instead of being elected by the people. Motion carried.

We recommend the enacting of a law requiring rural schools to have a nine months school.

Committee on education reported and suggested that means be used to have the recommendations acted upon by the legislature. Motion made and seconded we adopt the report. Motion carried.

Moved and seconded the Executive Committee be empowered to use such an amount of State Grange funds as necessary to send a committee of one or more to Madison this winter to get the recommendations of the Committee on Education before the legislature. Motion carried.

FIGHT IS DRAW
Marinette, Wis., Feb. 3—Joe Dory, Marinette middleweight, and Billy Perkins, Rhinelander, fought ten lightning fast rounds to a draw. Dory took the first three rounds, using a right uppercut to advantage. Both fighters drew blood in the second round. Perkins came back in the fourth round and took the fourth, fifth and sixth with fast punches to the face. By the sixth round both were covered with blood. The last four rounds were practically even.

Daily Thought.
Accustom yourself to master and overcome things of difficulty, for, if you observe, the left hand for want of practice is insignificant, and not adapted to general business, yet it holds the bridle better than the right from constant use.—Pilny.

Uncle Eben.
"Be patient," said Uncle Eben, "but don't mope around as 'Imagine you're a Job when you're only a Jonah!'"

SOCIAL EVENTS
The Woman's Club held its annual banquet at the Congregational church parlors Thursday evening a half past six o'clock. Covers were laid for seventy-eight and a fine turkey dinner was served. Gentle men's night is an occasion anticipated by club members and their husbands or gentlemen friends, and this celebration was unusually enjoyable.

After the four course dinner, the President, Mrs. C. A. Richards, gave an address of welcome. She spoke of problems attempted by the club and of its aims and welcomed the guests present. Her talk was pleasing and was aptly illustrated by clever anecdotes. Mr. Colburn gave the response—and thanked the Club for its hospitality. He spoke at some length upon the co-operation of the Club for the play ground movement. The male quartette consisting of Messrs. Colburn, Tompkins, Gray and Wilson gave two pleasing musical selections. Mr. Arthur Lamont played a fine violin solo, which was heartily encouraged.

A farce, entitled "Spreading the News" by Lady Gregory was given under the direction of Miss Smith. The audience gave audible evidence of their appreciation of the amateur performance and the actor received very kind congratulations for their efforts. Much is due Miss Smith, who put on this farce, with less than two weeks time.

The scene was laid at the outskirts of a county fair and ten characters took part, all Irish. The costumes and make ups caused much merriment. Following is the cast: Bartley Fallon, Mr. Forest Himes. Mrs. Fallon, Miss Helen Lewis. Jack Smith, Mr. Harold Crosby. Mrs. Early, Miss Nell Duffy. Tim Casey, Mr. Spencer Brown. James Ryan, Mr. John Wesley. Mrs. Tarpley, Mrs. F. A. Lowell. Mrs. Talley, Miss Sara Duck. Joe Muldoon, a policeman, Mr. Clyde Remo. A Magistrate, Mr. Charles Crosby.

The Woman's Club held its regular meeting Tuesday afternoon at the club rooms.

Mrs. Schick gave as a timely topic "The Housing Reform." She spoke of the bill, passed in Indiana and how the Federation in that state has taken as its motto "Agitate, Then Legislate". The plea was for making the tenements and rentable houses more fit for habitation and more deserving the term "home".

Mrs. James O'Mella read a paper on Clyde Fitch and told of his life and dramas, especially "The Climbers," "The Girl with the Green Eyes" and "The Truth."

Mrs. S. S. Miller and Miss Oakey entertained at luncheon Saturday. Most of the ladies present were teachers and new residents, who have recently come to this city. The occasion was a pleasant one.

Mrs. A. W. Shelton gave a half past six dinner, Wednesday evening. Covers were laid for twenty-eight. Card formed the entertainment for the evening. The prizes were won by Mrs. A. O'Mella and Mr. A. S. Pierce.

The Misses May and Helen Brow gave one o'clock luncheons tomorrow and Saturday.

Mrs. Rendell and Mrs. Weesne are giving a five o'clock today.

Invitations are issued by Mr. and Mrs. R. D. Epply and Mr. and Mrs. B. C. Dayton for a dinner party Thursday, Feb. 11.

Miss Edith Brown and Mrs. Webster A. Brown give a one o'clock luncheon Tuesday, February 9.

Mrs. McArthur and Mrs. Weesner have issued invitations for a one o'clock luncheon Saturday, February 13.

Mrs. A. D. Daniels and Mrs. Ely Sterling entertained a company of ladies at a one o'clock luncheon Saturday. The ladies brought their work and the afternoon was spent in much visiting and some fancy work.

In Search of Knowledge.
"I shall call upon a fortune teller this morning," said Mr. Blubb. "Going to try to learn something about the future?" asked Mr. Waggle. "Yes, I'm going to ask him when he expects to pay the arrears of rent for that cottage of mine he is occupying as a 'School of Astrology and Institute for Psychical Research.'"

Amateur Couldn't Hurt Him.
Tasty Old Woman—"There now! I guess you won't go around poking your nose into other people's business after the raking I just gave you." Reporter—"Well, don't get proud about it, madam; you didn't hurt my feelings much; I've been insulted by experts."—Life.

MUST NOTIFY MEN OF STRIKE
HART INTRODUCES BILL IN THE ASSEMBLY.

BIG PENALTY FOR VIOLATION
Governor Philipp Nominates G. J. Weigle as State Dairy and Food Commissioner—Name Sent to Senate for Confirmation.

Madison.—The name of former State Senator George J. Weigle, Milwaukee, as state dairy and food commissioner to succeed J. Q. Emery, was sent to the senate by Governor Philipp for confirmation. He is a druggist and served one term in the senate. He is a Republican.

The use of influence to persuade laborers to change their employment has come to a place where labor trouble is in progress may be subjected to many legal restrictions if the bill presented in the assembly by Assemblyman Hart of Oshkosh is enacted into law. Hart is one of the labor leaders of the state. The measure makes it unlawful for any firm, agent or employee to import men while a strike or lockout is in progress without informing the men imported of the nature and cause of the strike.

Any person who violates the provisions of this law shall be subjected to a fine of not more than \$2,000 or by imprisonment in the county jail not more than one year. Employees who have been transported to the scene of a strike for employment without being told the facts shall have an action against the person making the inducement. The person so induced may make a complaint to the industrial commission, which shall investigate the matter and its order against the company shall be prima facie evidence for the collection of damages. Assemblyman Charles F. Lentz of Mayville will present a bill in a few days fixing the hour for holding school meetings at 7:30 o'clock in the evening, instead of at seven o'clock as under the present law. He says that many farmers are unable to attend school meetings because they are held so early. This law will apply to every school district in the state. The first measure to become a law is the Nye bill. It permits common councils and village and town boards to defer the payment of taxes until March 1 without penalty.

The legislative investigation of state boards and departments was authorized by the final enactment of the Axel Johnson resolution, and the following members named to conduct the inquiry: Assemblymen Van Gordon, Harrington and Helm, Senators Fairchild and Whitman. The committee will begin its labors immediately.

The following additional senate committees were appointed: Conservation, Senators Ackley, Hanson, Kellogg, Stevens and Tompkins; Highways, Senators Bennett, Bleher, Cunningham, Everett and Staudemeyer.

Governor Philipp sent to the senate the appointment of ex-Gov. J. O. Davidson, Madison, as member and president of the state board of control at a salary of \$3,500. He succeeds Ralph E. Smith, Merrill, whom the governor has in mind for another position.

A bill prohibiting railroad companies from charging more than the exact fare by the shortest route between two cities or towns has been presented in the assembly by Assemblyman Rudlong. Several years ago Wisconsin enacted a two-cent fare law applicable to all railroads with gross earnings in excess of \$3,500 annually per mile. During the past year the railroads adopted a policy of charging a fare by the exact route the passenger traveled. This has increased the fares between different cities. Mr. Rudlong's measure would require the railroads to return to their former practice. Assemblyman A. E. Frederick is the author of a measure requiring all passenger coaches on railroads to be equipped with vestibules.

So many complaints have arisen over real estate contracts and so much litigation has occurred in recent years because of misunderstandings between men offering land for sale and real estate agents, that Assemblyman Julius Engbreton of Gratiot has presented a measure requiring all real estate contracts of sale to be in writing.

Senator Cunningham introduced a bill to establish a county system of highway construction in place of the state aid plan. Senator Ackley bills prohibiting collection of telephone rentals on advance, providing for the standardization of the optometry profession and providing for appointment of deputy coroners, and Perry a bill changing the name of the official state paper from the Wisconsin State Journal to the Madison Democrat.

Governor Names Milwaukee Man.
Governor Philipp appointed Walter Alexander of Milwaukee, master mechanic of the St. Paul Railway company, as member of the state railroad commission, to succeed David Harlowe, whose term expires February 1. Scrato will act on the appointment. The senate confirmed the appointment of Attorney Carl D. Jackson a member of the same commission to succeed John Roemer, resigned. The salary is \$5,000 a year.

State Donates \$50,000 to War Relief.
Wisconsin people have contributed nearly \$50,000 in cash, food, clothes and other articles for the relief of the Belgians, according to estimates made by Clement C. Smith, chairman of the Belgian relief committee of Milwaukee, and Albert D. Campbell, who had charge of gathering the contributions in the state.

This was a remarkable showing for the Wisconsin people, according to those who had charge of the work, since this year there have been so many demands made upon every one who is able to give for charitable purposes.

Before the two main organizations started to work in the state, smaller associations were doing a great deal toward collecting funds and clothing. An association of women, living on the East side in Milwaukee, out of which the Milwaukee committee grew, collected several hundred dollars and thousands of articles of clothing before their work was taken over by the larger organization.

Since the organization of that committee nearly \$13,000 in cash has been collected in Milwaukee. All except about \$1,000 of this has been spent for Milwaukee made goods and the articles forwarded. The remaining \$1,000 will be spent within a few days. There have been 1,500 barrels of flour and two carloads of split peas sent from Milwaukee to the general committee in New York.

Besides Mr. Smith those who conducted the work of the Milwaukee committee were: William W. Coleman, vice chairman; David E. Edgar, secretary; Walter Kasten, treasurer; Frederick C. Morehouse, Frank R. Bacon, Fred W. Rogers, Oliver C. Pilling, Sidney G. Courteen, Adolph Finlaker and E. D. Adler, members of the executive committee.

The work which was done in the state, under the supervision of Mr. Campbell, resulted in raising about \$25,000 in cash and food and clothing. About \$10,000 of this amount was in cash.

One car of corn, four cars of flour and many articles of clothing have already been sent. Another car of wheat will be sent from Superior in a few days. Besides this there are several cars of potatoes, which will be sent as soon as ships are equipped with proper ventilation to carry such a cargo. There are also 10,000 pounds of cheese ready to be forwarded.

Board Would Cut Taxes.
Methods for lowering the cost of good roads construction and maintenance to taxpayers of the state are recommended in the biennial report of the state highway commission, filed with the governor.

The commission recommends the state highway aid law be amended to provide:

That state aid funds be apportioned among counties in proportion to their valuation, without respect to the amount to be expended in the county, with the provision that unless certain sums be appropriated for road work in the counties, state aid would be relinquished in proportion to the deficiency between the county's appropriation and the amount called for by the full state aid, such reverted amounts to remain in the state highway fund until the succeeding year.

That state and county aid for improvement of streets of cities be recommended.

That automobile license fees collected by the state shall be returned to the county in which they are paid, with the cost of collection and plates deducted, to be turned into the county's highway fund and be accounted for by the county highway commissioner to the state commission.

That a system of county police be established to regulate automobile traffic, with authority to arrest, and that fines collected for violations of such regulations be applied to the costs of maintaining such police and courts' expenses and the remainder be used for highway repairs.

That stringent regulations for width of tires be adopted by each county, and enforced by the highway commissioner or county police.

The commission makes no recommendations for money to be appropriated as state highway aid in 1916 or 1917.

The commission in its report says: "There is no reasonable doubt that the extremely rapid increase in highway appropriations has been one factor, and a rather large factor, in the rapid increase in taxation in all units of government. The commission is satisfied that the growth up to the present time has been too rapid, and has for the last two years made every effort to discourage further increase. The organization of the commission and of the counties, however, has now been brought up to such a high state of efficiency that the expenditures contemplated for 1915 can now be handled without difficulty, and equal amounts or slightly larger amounts could be handled in future years. The commission believes the rate at which construction should proceed is absolutely a legislative function."

STATE NEWS BRIEFS
Fond du Lac.—The twenty-fourth annual convention of the Northwestern Wisconsin Teachers' association will be held in this city on February 5 and 6. Prof. Paul G. W. Keller of Appleton high school will speak.

Wausau.—Improvements to the extent of \$7,000 are to be made at St. Mary's Catholic church here. The balcony is to be enlarged so the seating may be increased and a new lighting system is to be installed.

FOR SALE

CROSBY SUGGESTS TO "BUILD NOW"

Real Estate Man Urges Local People To Invest In New Homes

G. P. Crosby, who has unbounded faith in the future of this city, urges Rhinelander people to build new homes now when lumber is cheap and good workmen can be readily obtained. Along with the "Buy It Now" movement Mr. Crosby suggests a local "Build Now" campaign. In a communication to the New North Mr. Crosby says:

There never was a better time to do building in Rhinelander. Lumber is cheaper than it has been for years, labor is plentiful and anxious to get busy, and there never are any strikes in Rhinelander. Building material of all kinds, cement, nails, everything, is down at a low figure and if the prospective builder will interview local merchants he can get some surprising bargains in those lines.

There are plenty of vacant lots and some very desirable ones, in various parts of the city, and they can be secured at reasonable prices. There is a big demand for houses to buy or to rent, and everything that can be built this year or for the next five years, will be taken before the builders get out of the door. Someone should make arrangements to get his material and his lots and build 25 to 50 houses this year.

It would not do any harm for someone to replace the wooden buildings in the business district, with more modern stores, that will add to the appearance of the city and help attract new capital here. A great many newcomers are going to see Rhinelander this year for the first time, and if they find a busy, bustling, building city, they will be much more likely to invest than if they find everything "dead."

NEW SERIAL AT BIJOU THEATER

If you have not solved the money question in your home, the matter of partnership between husband and wife, you should not fail to see "Runaway June." It is the great George Randolph Chester photoplay serial in fifteen weekly installments of two reels each, to be seen at the Bijou Theater, beginning on Saturday, Feb. 6.

This is not a dry problem play. It is a thrilling story of adventure, a pulsating lyric of love and, more than either, a mighty mystery, which baffles solution to those not in the secret. But in addition to all these merits, it has the added one of a separate and important message and benefit to every married man and every married woman and all of those who hope some day to live in the married state.

Husband, does your wife spend more than you think she should? Does the contract bills for you to pay without your permission? Do you give her an allowance? Do you pay her a salary for managing your home? Does she seem embarrassed accepting money from you? Does she know your income?

Wife, does your husband accuse you of extravagance? Do you know how much he spends? Do you dislike taking money from him? Would you rather go out as he does and earn your living and each contribute toward the maintenance and management of your joint home? Both, see "Runaway June." It will help you to solve this world old enigma.

CLAIM EXCESSIVE RATES

Complaint has been filed by the J. S. Stearns Lumber company of Odanah, Wis., against the Chicago and Northwestern railway, claiming that rates on lumber from Odanah to various stations on the Northwestern within switching distance are excessive. Reparation is asked of \$2,433.

HOW TO SUCCEED

During the last few years, conditions in all lines of business, even professional life, have changed so completely that every man is waking up to the fact that in order to win success he must specialize and learn to do some one thing and do it well.

So it is with any article that is sold to the people. It must have genuine merit or no amount of advertising will maintain the demand for the article.

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy. From the very beginning the proprietors had so much confidence in it that they invited every one to test it.

It is a physician's prescription. They have on file thousands of unsolicited letters received from former sufferers who claim they are now enjoying good health as a result of its use.

However, if you wish first to try a sample bottle, address Dr. Kilmer & Co., Binghamton, N. Y., enclose ten cents and mention this paper. They will promptly forward you a sample bottle by Parcel Post.

Regular sizes for sale at all druggists—fifty-cents and one-dollar.

Good Is Self-Canceling.
Self-conceit is a good asset. A man can't hope to be popular with his friends unless he is popular with himself.

HOW TO PREVENT BILIOUS ATTACKS

"Coming events cast their shadows before." This is especially true of bilious attacks. Your appetite will fail you will feel dull and languid. If you are subject to bilious attacks take three of Chamberlain's Tablets as soon as these symptoms appear and the attack may be warded off. For sale by All Dealers.

ADVERTISE IT NOW

UPHOLDS THAW

Editor New North:—

A few days ago I read in a Milwaukee newspaper an editorial on the Thaw case in which the writer expressed the hope that the elimination of Attorney Jerome from the case would not have a tendency to prevent Thaw from getting his just punishment—either sent to prison or back to the mad house. I, for one law abiding citizen of Oneida county, wholly disagree with the Milwaukee editorial writer. In my opinion Thaw has already been sufficiently punished. There is such a thing as persecuting a man for the sake of notoriety and I think that Jerome has played to the gallery long enough. It is high time for him to be ousted from his job and Thaw given his liberty. Everybody knows that this man, White, who Thaw killed, was of questionable morals and the world, in my opinion, is better off without such people. In fact to be plain there should be a bounty on such skunks. There are men of White's type in every community, only perhaps on a smaller scale, and the quicker they drop off the better for all concerned. Immoral men are a menace to any law abiding community. Their influence upon the young people is bad and many young men and women have gone wrong by following the example of their elders.

While I do not uphold murder, yet in this case, I cannot help but feel that Thaw did the country a service and should be given his freedom

Hooray for Medical Science!
"Children's eyes need care," says the Journal of the American Medical Society. That's a fact—they see entirely too much.

"Get Up" and Get

Don't you back up or stop until you've tried STANDARD. It's the one perfect tobacco for the big, two-fisted, out-of-doors man who wants a rich, full-bodied tobacco to tuck into his pipe.

You get hold of STANDARD. Note its rich, natural sweetness—just the pure Kentucky leaf, aged naturally and slowly for three to five years, to bring out all its mellow fragrance and flavor. STANDARD has the genuine snap and taste that you want in tobacco.

STANDARD

Long Cut Tobacco

was carefully made up, fifty years ago, for the sturdy man who is hungry for man's size tobacco. Fifty years have come and gone and all sorts of brands have tried to beat out STANDARD, but the old he-boy is still the king-brand of them all.

Nothing fancy about the STANDARD package—we put all the cost into the tobacco. As you say of a horse, "he's all horse"—so we say of STANDARD—"it's all tobacco."

Hitch up with STANDARD for a week's trial, and you and STANDARD will always pull together like a well-matched team.

Sold everywhere in 5c packages.

Other sizes, 10c, 15c, 30c and 35c Packages.

CITY STRIVES FOR NEW NORMAL SITE

(continued from first page)

Rhineland is a modern and progressive city with 76 blocks of macadamized streets; good water; a complete sewage system; electricity and gas for lighting and cooking. It has a fine city hall; one of the finest court houses in the state; fine churches, schools, bank and business blocks and is now building a new high school which will compare favorably with any like building in the state.

Rhineland is located in a beautiful and healthy region. Its mortality rate is only 11 per 1000, while the rate for the state is 12 per 1000. It is located at the confluence of the Wisconsin and Pelican rivers. There are many beautiful lakes in the vicinity.

Rhineland is in an agricultural belt which is developing very rapidly as a dairy and potato center.

Rhineland offers the choice of several beautiful sites.

Rhineland has much unserved territory to draw from, and a new Normal school would be a great benefit to all this region as an institution of higher education.

This territory is being settled rapidly and new schools are being constantly organized. These schools contain many foreigners. To weld them into American citizenship needs the best possible trained teachers, hence the urgent need of a Normal school at Rhineland, which is the geographical and economic center of North-Central Wisconsin.

D. J. T. Elliott made a protestation trip to Lac du Flambeau Friday.

The famous John Kelly shoes in all the new spring lasts is now being displayed at the Jacobson Dry Goods Co.

GRANGES WANT COUNTY EDUCATION BOARD RETAINED

Western Pomona Sends Resolutions To Governor That Law Be Not Repealed

Another successful and profitable Rhinelander Grange. The committee to plan some way of having night school for the young men and women in each grange who feel too grown up to attend the rural schools and who cannot afford to attend a city or higher institution of learning: Sis. Riek, chairman; Sis. Wilde, Sis. McIntosh, Bro. Stapleton and Bro. Lowell.

The delegates from the various granges were met at Heafford Jet by Brother Felch and taken to the Cassian grange hall; after partaking of the bountiful dinner they were welcomed by the entertaining grange.

The business session was very short, which gave more time to discussions of topics and programs than any Pomona meeting previously held.

Brother Juday explained the benefits of a Short Course in agriculture for the farmers and their sons. Sisters Smith and Riek told which they thought the most conducive to happiness in the farm home, running water or the Victrola; it was decided running water.

Sisters McIntosh Trotter and Craik suggested plans that would give the children who carry dinners to school something warm at the noon meal.

Pleasures of Country Life was ably handled by Bros. Lee and Felch. Bro. Dawes, answered the topic, Country Life vs. City Life. Bro. Juday's lecture on the ways of improving the soils was very interesting and with the aid of charts, all present received a benefit from this one topic which made their presence worth the while had there not been another topic on the program.

What should parents do to keep their sons and daughters interested in the farm was discussed by Sis. Riek and Bro. Wilde.

Various committees were appointed to better conditions in general in Oneida county or among all farmers that are connected with the grange.

The committee to set a better standard for good seed potatoes and proper care of soil: Bro. Juday, chairman; Bro. Conant, Prairie Lake Grange; Bro. Ossman, Cassian grange; Bros. Lassig, Pelican Grange; Bro.

Whereas, The Wisconsin State Grange representing the farmers of Wisconsin, after due discussion and deliberation, unanimously adopted resolutions asking that the County Board of Education Law be retained and

Whereas, said State Grange believes that the reason such laws were condemned was because the powers of such Board were too indefinite and too limited and asked that the law be amended to extend the powers of said Board and to more clearly define its powers and duties, and

Whereas, action against such Board has been hasty, therefore be it

Resolved, that the Western Pomona Grange No. 19, (which is a county organization representing 14 granges of Oneida county) deprecate any hasty action on the part of the legislature looking towards the repeal of said law, and urge that said law be retained in force until said county Boards of Education have had more time to demonstrate to the people their value to the schools.

These resolutions were unanimous adopted Jan. 29, 1915.

MRS. EDITH C. RIEK, Sec. Western Pomona Grange No. 19.

TOMAHAWK LOSES ON LOCAL FLOOR

The high school gym was the scene last Friday night of two very interesting games of basket ball. The preliminary, which began promptly at eight o'clock, was played between the teams of the seventh and eighth grades of the Central school, and was refereed by Harris Lewis. The lineup was as follows:

Seventh	Eighth
M. Foster	C. Yentoff
B. Lewis	K. Bushnell
H. Nowland	D. Remo
H. Sanns	S. Zutz
J. Kerchelski	H. Lalonde
Subs—K. Ashton, W. Ashton.	

The game was well played and was much enjoyed by those present: the quickness and accurate basket shooting of the grades makes continued success in high school basket ball very possible. The final score was 12-9 in favor of the seventh grade.

The big game of the evening was played with Tomahawk High, refereed by Ray Sorenson, with Chas. Chafee as umpire. Tomahawk had won on the preceding Friday from Antigo, and so the interest was high. School spirit had been roused by a mass meeting at the close of the afternoon session, and it is safe to say that at least two hundred of the pupils were vigorously rooting on the sidelines, while their parents were no less enthusiastic in the balconies.

The game was a fast and furious

one—probably the swiftest ever pulled off in Rhinelander, and yet was without injury to either side, practically no time out being taken. The scores through the first half remained almost even, the half closing 12-19 in favor of the locals.

The second half opened with a rush by Tomahawk which made them two baskets, putting them in the lead—an advantage quickly overcome by the locals, however. The scores ran evenly, the game being anybody's until the last whistle blew, the final score being 22-19 in favor of Rhinelander.

While all played well, it is hard to comment on individual work. Tomahawk played rather defensive game, one of the main objects being apparently to keep Frogner from scoring. However, he got away for four baskets in spite of his persistent guard, Brahmsted. Taking into account the familiarity of our boys with the ball, and the intense encouragement received from the voters, it may be said to have been almost an evenly matched game. The lineup was as follows:

Rhineland	Tomahawk
D. Arnold	C. Parker
Z. Strope	Brahmsted
A. Danielson	Grant
A. Frogner	Mienleir
W. McKee	Lanska
Subs—R. White, C. Danielson, R. Cain.	

The referee work of Sorenson was good, and received favorable comment from both locals and visitors. The return game is to be played at Tomahawk, Friday night of this week, and an exciting game may be looked for, as the advantage of a familiar floor and the crowd will be with Tomahawk.

The "G" in "Gnat"
"Spelling's a queer thing," said one boy. "What do they want with a 'g' in 'gnat'?" "It belongs there," replied the other. "It's what you say when one stings you. The only mistake is not putting an exclamation point after it."

The Prophesied Completeness.
We rejoice in life because it seems to be carrying us somewhere; because its darkness seems to be rolling on toward light, and even its pain to be moving onward to a hidden joy. We bear with incompleteness because of the completion which is prophesied and hoped for.—Phillips Brooks.

Proper Care of the Eye.
According to Dr. Woods Hutchinson, the common cause of homeliness or unattractiveness in the eye is redness, either of the eyeballs themselves or of the lids. This is what biologists call an acquired, not an inherited, condition, and is caused either by the presence of disease and filth germs or by eye strain. The trouble can be prevented by absolute cleanliness and by fitting the eyes with proper glasses.

Daily Thought.
There are three relationships in human life—commercial, which depend on what you have; social, which depend on what you do; and real, which depend on what you are.

Snaps in Winter Goods Going On Daily. A Big Selection to Pick From.

Mackinaws, Shirts, Footwear, Caps, Gloves—Warm goods for the rest of the winter and other winters to come at a bargain in price for GOOD GOODS. You can't miss it.

COUNCIL NAMES 1915 SALARIES

At the February meeting of the city council Tuesday night it was voted that the compensation of the several city officers of the city of Rhinelander to be elected or appointed during the ensuing year shall be as follows:

Mayor	\$500
Clerk, including service on the Board of Review, Board of Public Works and Secretary of the School Board	1000
City Treasurer	800
City Attorney	600
Assessor, including his assistance and service on the Board of Review	600
City Comptroller	400
Health Commissioner	250
Member of Board of Public Works from Council	100
Chief of the Fire Department, per month	75
Drivers in Fire Department, per month	60
Captains of Fire Depts., per mo.	50
Firemen, each per month	50
Firemen, each per month, after one year's continuous service	60
Chief of Police, per month	75
Asst. Chief of Police, per month	60
Policemen, each per month	60
Special Policemen each per day	2
Sealer of weights and measures	60
Janitor at the city hall, per mo.	60
Aldermen for each regular and special meeting attended	3
Street Commissioner, per day	250

The council voted to extend the time of paying taxes from February 1 to February 20, which is proper under the new state law. A resolution was passed offering a free site for the new state normal school.

AROUND THE CIRCLE

A pleasant birthday party was given by Mr. and Mrs. Herman Welk, Sr., in commemoration of their daughter, Miss Viola, upon her 17th birthday. Various games and the tripping of the light fantastic were indulged in until the "wee small hours" and all pronounced it a grand success.

There seems to be quite an inducement for Pat Buscha, to "hike" to the city every Saturday. How is that Pat?

Miss Rosa Byers attended the wedding of Rudolph Donnerstag, in the city recently.

Seigle Beaver seems to be doing quite a "logging stunt" near his homestead.

Miss Bernice Bowles met with quite a disappointment recently. We wonder why?

Miss Gerda Turn was a city visitor Sunday, returning to her school duties Monday morning.

Tom Sharnan is progressing finely with his new residence on the River road and it begins to assume the proper shape. Tom has something in his head after all.

Louis Saterstrom seems to be making quite regular trips to his farm of late and we understand he intends to move upon it in the spring.

Henry Weideman has purchased a fine young team recently and is doing a little logging on his own hook from the 40 recently purchased on Mud Creek.

Joe McNabb is getting out some timber this winter to complete his new cement barn.

Elizabeth Fry.

Elizabeth Fry's great work for prison reform was all done after her marriage. It was in 1813 that she paid her first and memorable visit to Newgate prison, and in 1817 formed the Association for the Improvement of Female Prisoners in Newgate, which attracted such widespread interest. Her efforts were not confined to Great Britain, many continental prisons being the better for her labors.

REAL ESTATE TRANSFERS

Following is a list of all real estate conveyances recorded for the week ending Feb. 27, 1915, furnished by the Oneida County Land and Abstract Company, to-wit:

John G. Schwartz to Charles Rummery, W. D. of part of SE SW and lot 7 sec. 3-38-6 E.—\$50.

May Belle Buck to H. L. Buck, Q. C. D. of S½ SW 17 and E½ NE 18-37-4 E.—\$500.

Oneida Fams. Co. to Enoch Perry, W. D. of part of lot 1 and lot 3 sec. 5-36-7 E.—\$1.

Lake Region Land Co. to Henry Wubker Sr. Ld. Ct. of S½ NE 27-38-3 E.—\$100.

Rose Miner and husband, Henry to Richard Doyle, W. D. of lot 5 blk. 8 vil. of Pelican Lake.—\$65.

Merrill Lbr. Co. to C. P. Crosby, Q. C. D. of NE SE, S½ SE 25, N½ NE and SE NE 36-37-6 E.—\$1.

Thor. Jennings and wf. to Antone M. Martineau, Q. C. D. of E½ sec 11-35-11 E.—\$1.

Cut H. Elfrert and wf. to William Elfrert, W. D. of und. ½ int. in E½ NE, SW NE 9 and NW NW 10-35-1 E.—\$1.

Henry Miner, Spl. Grd. of Benjamin Charles Jilison, a minor, to Mark Banta, Spl. Grd. D. of blk. 2 of Jilison's Bay.—\$700.

Harry E. Sierwright and wf. to Peter Doyle and Margaret Doyle, his wf. W. D. of lot 10, and N. 25 ft. of lot 9 blk. 2 of Keenan's 1st Add. to Rhinelander.—\$1.

Everett Towne and wf. to H. A. Pennett, W. D. of part of NE SW 16-36-9 E.—\$1.

ROYAL QUARTETTE SELECTIONS

At the opening meeting of the Bap. list conference Tuesday night the Royal Quartette of this city sang "Face to Face" and "Lead Kindly Light." Tonight at the benefit at the Grand Opera House the quartette will sing "Somewhere a Voice is Calling" and "When It's Moonlight in Mayo."

Warner's rust proof corsets in the latest models at the Jacobson Dry Goods Co.

Only Education of Value.
Reading and writing are in no sense education, unless they contribute to this end by making us feel kindly towards all creatures.—Ruskin.

Japan's Unpaved Streets.
Although most of the cities in Japan have good sidewalks, modern street paving is practically unknown in the empire.

Important Difference.
"Who can furnish a clear definition of a politician?" inquired the professor. "I can," said the son of a congressman. "To which party do you refer?"

(First pub. Feb. 4 last March 11.)

Summons.

In Circuit Court, Oneida county, Wisconsin: Harry R. Goldstone, Plaintiff, vs. David Jacobson, Defendant. {Summons. The State of Wisconsin to the said Defendant. You are hereby summoned to appear with-in twenty days after service of this summons, exclusive of the day of service, and defende the above entitled action in the court aforesaid, and in case of your failure so to do, judgment will be rendered against you according to the demand of the complaint, which is on file in the office of the clerk of circuit court, said county.

A. J. O'MELIA, Plaintiff's Attorney. Post office address: Rhinelander, Wisconsin.

State of Wisconsin, Circuit Court—Oneida County.

In the matter of the Application of Clark G. Kuney and Kuney-Parlette Lumber Company, a corporation, for the organization of a drainage district in said Oneida County.

Notice is Heraby Given

1. That on the 29th day of January, 1915, there was filed in the office of the clerk of the circuit court of Oneida County, Wisconsin, a petition

duly signed and executed by Clark G. Kuney and Kuney-Parlette Lumber Company, a corporation, of Three Lakes, Wisconsin, praying for the organization of a drainage district to be known as Three Lakes Drainage District, and for the appointment of commissioners for the execution of the proposed work, which said drainage district comprises the lands hereinafter described under sub-division 4 hereof. That an order of the circuit court for Oneida County, Wisconsin, fixing a time and place for the hearing of said petition, was filed with the clerk of the circuit court for Oneida county, Wisconsin, on the 3rd day of February, 1915.

2. The description of the three ditches asked for in said petition, is as follows:

(a) Beginning at the easterly shore of Rice Lake, at a point on the town line between township 33 north of range 10 east; thence running easterly, parallel with and adjacent to the public highway constructed on said town line, to the shore line of Range Line Lake, a distance of about 2 miles.

(b) Commencing on the state road at a point where said road crosses the 1-3 line in the NE ¼ of section 13, township 33 north of Range 10 east; thence running in a northerly direction along said 1-3 line to a point on the east and west quarter line of section 12; thence in a north westerly direction to the NW corner of the SW ¼ of the NE ¼ of section 12; thence in a northerly direction along the quarter line through section 12 and 1, emptying into the ditch described at "(a)".

(c) Commencing at the NW corner of Lot 3, thence running in an easterly direction along the 1-3 line of section 2, across said sections 7 and 1, to a point at the NW corner of the SE ¼ of the SW ¼ of section 1; thence northeasterly to the center of section 1, emptying into the ditch described at "(b)".

3. That the said drains or ditches to be constructed will consist of not less than two ditches running easterly and westerly across said district, the northerly of which ditch will be located upon the town line between the towns of 33 and 39 north of range 10, parallel with and immediately adjacent to a town highway located on said line; that the other said ditch running easterly and westerly across said district will be located approximately at the 1-3 line, extending across sections 1 and 2 in township 33 north of Range 10 east. That another ditch will extend in a northerly and southerly direction near the easterly boundary line of said district. That the said ditches will be 8 feet deep, 4 feet wide at the bottom and 20 feet wide at the top, and conveying the water into Town Line Lake and Range Line Lake; and will also consist in a deepening and cleaning out of Thunder Creek, connecting said Thunder Lake with Rice Lake.

4. The land comprising said proposed district is described as follows, to-wit: Lots 4 and 5, section 34, and the SE of the SE section 34; the entire south half of section 35; and the west ½ of the SW ¼; and the SE of the SW ¼ of section 36, all in township 33 north of Range 10 east. Lot 1, and the NE of the NE of section 3. All of section 2. The entire NW ¼, and the W ½ of the NE ¼, and the north ½ of the SW ¼, and the W ½ of the SE ¼, and all that part of the E ½ of the NE ¼ lying west of the C. & N. W. Railway, in section 1, township 33, north of range 10 east. The S ½ of the SW ¼, section 1, township 33, north of Range 10 east. Lot 1 of section 11, township 33 north of range 10 east. The entire W ½ of section 12, and the W ½ of the NE ¼ and the W ½ of the SE ¼, and the SE of the SE of section 12 township 33 north of range 10 east. The entire north ½ of section 12; and the NE of the SE of section 13, township 33 north of range 10 east. Lots 1 and 2, and the SE of the NE of section 14, township 33 north of range 10 east.

5. The name proposed for the said drainage district is "Three Lakes Drainage District."

6. That by an order of the circuit court of said county, filed with the clerk of said court on the 3rd day of February, 1915, it was ordered that a hearing on said petition be held before the Clerk at the circuit court room in the court house in the city of Rhinelander, Wisconsin, on the 1st day of March, 1915, at two o'clock p. m. of said date, or as soon thereafter as the same can be heard.

Dated this 3rd day of February, 1915.

E. C. STURDEVANT, Clerk Circuit Court for Oneida Co., Wis.

14-18
